BRIEF ABSTRACT OF LETTER.

Forwards letter no 5310 & 2.6.09 from the Sanry Commrs together with its enclosures – proposition statements for the pervision of estabt of the Leper Asylum & copy of Bangalore Health officer's letter on the subject and requests orders as to (1) whether under the circumstances stated, the Hospl Asst attached to the Leper Asylum should be regarded as within the sanctd strength of Hospl Asstts in the Medl Deptt but transferred to the Sanry Deptt & (2) whether it is not

The ~~sanctioned~~ number of Hospl Asstts as sanctd in G.O no. G.4298-99 2.3.04 is 164 (including the two male Apothecaries). The number has since been increased by 3

for charge of the dispensaries at (1) Anantapur (2) Weavers' Lines, Nunpore city & (3) D. S. Transport corps.

2 The Hospl Asst doing duty in the Leper Asylum is included within the Sanctd no (viz 167) of Hospl Assts and the posting of a Hospl Asst to the said Asylum ~~can be considered~~ should perhaps be regarded as being within the scope of the authority of the Senior Surgeon himself, ~~as~~ especially as the G. O of 2d March '04 fixes only the maximum no. of Hospl Assts and does not lay down express instructions regarding their distribution among the several units. The Comptroller may, if appd, be informed that the Hospl asst doing duty in the Leper Asylum is to be regarded as having been merely transferred from the Medical to the Survy Depts. A Hospl Asst at the Leper Asylum seems to be so indispensable as the Asylum is now removed to a separate building.

In regard to the Comptroller's proposal that the charges of the Leper Asylum may be more appropriately debited to the Local Funds, the Bangalore city muni Council may, if appd, be consulted. [Before doing so, the muni Secretary may be kindly asked to note on the question]

3 The question of the pension of the estabt of the Leper Asylum may, if appd, be considered after the receipt again from the

6 It at present the charges connected with the Epidemic Diseases Hospital at Bangalore are met from the Municipal and State Funds equally. The quota payable by the Municipality comes to Rs 5024/-

5 The Leper Asylum cannot be considered analogous to Epidemic Diseases Hospital. It is more of the nature of an Hospital for Incurables. The Municipality is already maintaining a Home for Incurables at an annual cost of Rs 1500/-. Regard being had to this and also to the financial condition of the Municipality it is not unlikely that the Govt would consult with if the matter be referred to them, their inability to bear additional charge

7 This does not seem to be quite correct - A proposal has been received regarding the transfer of the provision made for the Leper Asylum in the State Budget from the Medical to the Sanitary Department - In this connection, the question of the transfer of the Leper Asylum to the control of the Sanitary Comr is being considered and the file has been referred unofficially to the Senior Surgeon for opinion - ~~Its~~ It has not come back from him yet - The question regarding the Hos: Apt attached to the Leper Asylum raised in para 3 of the Comptroller's letter may, it seems, await orders on that file -

8 The next point raised by the Comptroller is as regards the transfer of the cost of the Leper Asylum to Local Funds - This is ~~[illegible]~~ to some extent connected with the above question - In the file referred to above, the

1) In the circs explained by the Health Officer in his letter of 7.3.0 a local allce of Rs 15 may be sanctioned to the Hospital Assistant attached to the Asylum. It is stated that Hospital Assistants attached to other Medical institutions at Bangalore are given similar allces.

2) As the entertainment of a female warder is considered to be quite necessary & as the increases proposed to the pay of their servants are stated to be required to get men who can be expected to do the nasty & loathsome work required of them, there is no financial objection to the proposal of the Senior Surgeon in these respects.

3) Menial servants of the class of Cooks, Bhobers &c are not generally whole-time servants & their service does not qualify for pension. There do not seem to be good reasons to convert the Estabt paid from contingencies into a pensionable Estabt.

difficulties in making the necessary arrangements when epidemics break out. The offices of the Senior Surgeon and the San: Comr being vested in the same person, and the Senior Surgeon having power to order the posting of Hospital Apts to meet the requirements of both the Sanitary and the medical departments, it seems unnecessary to regard the Hospital Apt attached to the Leper Asylum as transferred from the medical to the Sanitary Dept even though it be ultimately held that the Leper Asylum is a limb of the Sanitary Dept. There is no proposal just now from the Senior Surgeon to increase the total strength of Hospital Apts.

SIR,

I have the honor to forward herewith letter No.5310 dated 2nd June '09 from the Sanitary Commissioner in Mysore addressed to you through me, and the proposition statement received therewith in duplicate for the revision of the Establishment of the Leper Asylum, and also the copy of the Bangalore Health Officer's letter No.802 dated 7th March '09 explaining the variations proposed.

2. It will be observed from the statement that the proposition does not involve any addition to existing establishment except that of a female warder on R.8/- and a Hospital Assistant, but there are additions to salary at a net increase in recurring expenditure of R.30/- per mensem or R.360/- per annum. The items of increase are as follow:-

(1)	Charge allowance to Hospital Assistant	15 per mensem
(2)	Additions of pay to existing menial Establishment	5 "
(3)	Additional female warder	8 "
(4)	Increase of pay to Dhobi	2 "

Dated

Despatched 23 June 1909.

Received

No. 1568 / 286

Subject Matter.

Requesting explicit orders of Government regarding the revision of the Establishment of the Government Leper Asylum, Bangalore.

GPB—1,000—26-7-08

(The proposed increase of Re.1/- in the allowance of Brahmin Cook involves no addition as the allowance is transferred from the sweeper to the Cook).

3. Though under existing arrangements an Hospital Assistant on R.40/- has been posted from the Medical Establishment for duty in the Leper Asylum, there is neither provision therefor in the Budget Estimates nor any sanction of Government justifying the inclusion of an Hospital Assistant in the scale of Establishment for the Leper Asylum. The allotment of Hospital Assistant shown in the statement printed along with Government Order No.G.4298-9 dated 2nd March 1904 against the several institutions in the State has never been strictly adhered to and in this circumstance it is a matter for orders if the provision of 2 Hospital Assistants made therein for the Lunatic and Leper Asylums is any authority for including an Hospital Assistant in the existing scale of Establishment for the Leper Asylum. If, therefore, under the circumstances stated above, it is to be regarded that the employment of an Hospital Assistant in the Leper Asylum was more in virtue of the Senior Surgeon's power to post Hospital Assistants to the institutions according to the needs of each rather than under the authority of any order of Government, then the inclusion of an Hospital Assistant in the proposed scale, will involve a further increase in recurring expenditure equal to the pay of the Hospital Assistant employed in the Asylum. I solicit explicit orders of Government in this matter as the Sanitary Department is now quite distinct from the Medical, and a separate Hospital Assistant for the Leper Asylum which is attached to the Sanitary Department will, if sanctioned, have to be regarded either as a mere transfer from the Medical to the Sanitary Department or as an excess over the number of Hospital Assistants already sanctioned according as provision for him exists or not in the present scale.

4. If the proposal of the Health Officer contained in para 3 of his letter, viz., to transfer to pensionable service a portion of the Establishment now paid from the contingent grant is sanctioned, the additional expenditure on account of pension and

gratuity due to it will have also to be counted upon as a result of the proposition.

5. I beg in conclusion to request that you will be so good as to obtain the orders of Government as to whether in view of the circumstances explained in my note on the Budget Estimates for the ensuing year with reference to the provision proposed therein for the Leper Asylum, it is not more appropriate to debit the cost of the Leper Asylum to Local Funds than to the State Funds.

I have the honor to be,

BANGALORE.

Sir,

With reference to your No. 5497 Rd.114-08-2 of 8th Dec. 08, I have the honor to forward for sanction a proposition statement for the revision of the establishment of the Leper Asylum together with copy of letter No. 802 of 7th March 09 received from the Health Officer, Bangalore City, explaining the necessity for each of the variations proposed by him.

2. It may be stated that the extra cost cannot be met out of the current year's budget and it is, therefore, proposed to give effect to the proposals from the next year, the necessary provision having been made in the budget submitted with this office No. 5196 dated 29 May 1909.

I have the honor to be,

Sir,

Your most obedient servant

Letter No. 802 dated 7-3-09 from the Health Officer, Bangalore to the Sanitary Commr.

I have the honor to submit herewith as required in docket No.5493 Med 114-08-02 dated 8-12-08 from the Secy to Govt. Genl and Rev Depts forwarded wit your memo No. 2648 dated 2-1-09 a proposition statement ~~xxscribed~~ x prepared in the prescribed form in duplicate for revision of the establishment of the Govt Leper Asylum, Bangalore.

2. It is proposed in the statement to give a monthly allowance of Rs. 15 to the Hospital Assistant attached to the Asylum. It seems desirable to do so for various reasons. The permanent incumbent of the Health Office appears to have had been of the same opinion. Hospital Assistants attached in similar capacity to other Institutions like the Epidemic Diseases Hospital, the Lunatic Asylum, the Eye Infirmary &c are said tobe in receipt of such special allowances. Unlike them this person has practically no facilities for private practice not because that he has no time for it but few would like to be treated by one who deals with a loathsome disease li e leprosy constantly. Owing to the peculiarly isolated situation of the present Asylum and for ant of quarters for Hospital Assistant there, he has neces-sarily to incur additional expenses in the form of house rent or carriage hire. Although the real process of infection in Leprosy is not quite clear it is certain that one gets the disease from a leper; and a Medical man who is in constant attendance on lepers in this manner runs many risks of catching the disease In these circumstances the grant allowance of the kind to the Hospital Asst. may not be considered undeserved.

3. It may be observed that the cost of a portion of the permanent establishment of the Asylum is borne from contingent charges which seems to be an anomalous arrangement & may be done away with by incorporating the cost in a single budget allotment. The existing arrangement places the ~~the~~ staff concerned in a disadvantageous

position compared with the rest. According to the permanent Health Officer's observation some of the servants in that staff seem to have been in service over 15 years now but unfortunately owing to the said arrangement they are not entitled to pension or gratuity- a real hardship to prevent which in the present scale they have been proposed to be included in the permanent staff.

4. The scale of pay obtaining for the menial Establishment generally of the Institution appears to be hardly adequate compared with the nature of the work to be turned out by them. The result has been that it has failed to attract efficient hands, those that have come in for the places hardly stick on. In order to make the places sufficiently attractive therefore it is intended to increase the emoluments of all menial servants by small increases to their present salaries as shown in the ~~present~~ proposed scale.

5. For want of a female warder for the Institution, feeding and dressing of the crippled female inmates and dressing the wounds of the patients (female) necessarily suffer. It is therefore thought absolutely necessary to appoint a female warder for the purpose and a provision for the same has been made in the statement.

6. The reason for the increase of the allowance to the Brahmin cook shown under the monthly recurrent charges in the statement is that the cook has in addition to the ordinary work devolving on him of cooking has to serve food to Brahmin lepers and attend to their other wants.

7. In the circumstances explained it is trusted that the proposals made would meet with your kind approval.
